

FOR IMMEDIATE RELEASE

V-SOFT BECOMES AN ORACLE PLATINUM PARTNER

Louisville Kentucky, October 27th 2014 - V-Soft Consulting Group, Inc. is pleased to announce our recent upgrade from Oracle Gold partner to Oracle Platinum partner in the Oracle PartnerNetwork (OPN). A Platinum partnership gives V-Soft Consulting the maximum level of engagement, commitment, and profits available to OPN partners, thereby opening new doors for our clients and consultants.

With this accomplishment, Oracle recognizes V-Soft Consulting's expertise and excellence in a broad-range of Oracle solutions. This is an important achievement that sets the company apart from other organizations that might not have a strategic partnership with Oracle or are at silver and gold levels.

"V-Soft Consulting's achievement as an Oracle Platinum partner is a wonderful accomplishment for our company and allows us to further expand upon our Oracle capabilities and opportunities. V-Soft Consulting is now a part of a select group of Oracle Platinum providers offering a superior level of service as well as access to all Oracle solutions for our clients," said Purna Veer, President of V-Soft Consulting Group, Inc.

Platinum members receive dedicated virtual account management support to build mutual development plans and help expand specialization areas and revenue opportunities. Additional benefits include priority placement in the OPN Solutions Catalog, one free SOA-based application integration validated by Oracle, joint marketing and sales opportunities, discounted training, and much more. About Oracle PartnerNetwork

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base, and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more visit <http://www.oracle.com/partners>.
